## St. Louis Children's Hospital Medical Staff Library & Family Resource Center

From Becker Library, take Euclid Avenue north. Between the Institute for Health and the Barnes & Noble campus bookstore is a walkway to St. Louis Children's Hospital. Proceed west on the walkway until you come to the main entrance of St. Louis Children's Hospital. Take either elevators or stairs to the third floor (3).

The Family Resource Center is on the 3rd floor facing the atrium and cafeteria, across from the attending physicians lounge. It is room 3S-12.

The Medical Staff Library is also on the north corner of the 3rd floor, next to the auditorium and down the hall from the volunteer office and the resident lounge, and around the corner from the Family Resource Center. It is room 3N-34.

**Please note** St. Louis Children's Hospital entrances are continuously monitored by security guards. Visitors without badges must sign in at the information desk on the first floor and obtain temporary badges.
