Dear

This will introduce to you  
Dr Beaumont of the N. Y. Army  
who has charge of the boy  
with an opening, commu-  
nicating with the cavity of the  
stomach. He wants to get an  
analysis of the gastric juice,  
which he can procure in great  
quantities. Anything you may  
find it convenient to do to aid  
Dr B. in the prosecution of this  
object will oblige you find that
