

Washington F. 14  
21. Jan. 1907

Dear Sir,

I have rec<sup>d</sup> your favour  
accompanied by your invaluable work  
as a present, "Experiments & observations on  
the gastric juice & Physiology of digestion".

I have read a portion of  
this Book, including the extraordinary  
case which gave rise to your Experiments  
& of course the Book. I return you my  
sincere thanks for the Book, & it  
shall be retained as a memorial  
of the obligation I am under to you  
for this kindness. Truly sincerely,

Yours

Ph. M. Johnson

Doct<sup>r</sup> Wm Beaumont

of the Army  
City of Washington
